PROFESSIONAL SUMMARY

Results-driven IT professional with hands-on experience in **Python development, data analysis, and web technologies**. Skilled in building data-driven solutions, automating workflows, and developing responsive websites. Strong problem-solver with experience in remote, freelance, and internship-based roles.

TECHNICAL SKILLS

Programming & Backend

- Python, API integration, Node.js, Golang
- SQL, PostgreSQL, MongoDB (NoSQL), JSON

Data Analysis & Visualization

- Pandas, NumPy, Excel, Jupyter Notebook
- Power BI, Tableau, Seaborn, Matplotlib
- Exploratory Data Analysis (EDA), Data Extraction Transformation Loading (ETL)

Web Development

- HTML, CSS, JavaScript, React, TypeScript
- WordPress, responsive design,
- Website deployment and maintenance

Web3 & Emerging Tech

- Motoko language
- Smart contracts & decentralized applications (dApps)

Tools

- GitHub, VS Code, Figma, WordPress, Postman
-

PROFESSIONAL EXPERIENCE

Remote Python Developer & Data Analyst (Freelance)

May 2024 – Present

- Developed Python scripts for data processing, automation, and backend integration.
 - Analyzed datasets using Pandas to generate actionable insights.
 - Built dashboards and reports using Power BI, Tableau, and Excel.
 - Integrated APIs and backend services using Python.
 - Delivered remote projects while collaborating with clients across different time zones.
-

Intern Senaca E.A

February 2024 – May 2024

- Gained hands-on experience supporting both physical and digital tech infrastructure.
 - Troubleshooting and resolving everyday IT issues.
 - Assisting in the installation and configuration of advanced security camera systems.
-

Software & Web Development(Freelance)

May 2024 – Present

- Developed decentralized applications (dApps) using **Motoko** within the ICP ecosystem.
 - Participated in smart contract development and blockchain-based solutions.
 - Built and deployed responsive websites using modern web technologies.
 - Gained hands-on experience in real-world software development workflows.
-

EDUCATION

Bachelor of Science in Information Technology

KCA University — 2024 – Present

Diploma in Business Information Technology (DBIT)

KCA University — 2022 – 2024

Kenya Certificate of Secondary Education (KCSE)

Machakos School — 2018 – 2022

TRAINING & PRACTICAL LEARNING

- Python Programming for Data Analysis & Backend Development
- Business Intelligence & Data Visualization (Power BI, Tableau)
- MongoDB & SQL Database Management
- Web Development & WordPress Customization

- Web3 Development with Motoko (ICP Ecosystem)
 - Continuous self-learning through online courses, freelance work, and side projects
-

PROJECTS & INTERESTS

- Building data analysis and automation side projects
 - Developing web applications and experimenting with new frameworks
 - Attending local tech events for networking and industry exposure
 - Staying up to date with emerging technologies and tools
